

Think you
know about

mental illness?

FACT

There is hope
for people with
mental illness.

FACT

Mental illness can
happen to anyone.
No one is immune
regardless of age, race,
income, or education.

FACT

People who have a mental
illness can graduate high
school or have a successful
job just like anyone else. A
number of political leaders, artists,
musicians and professional have
achieved greatness despite their
mental illness.

What IS a Mental Illness?

A mental illness is a health condition that causes changes in a person's thinking, mood or behavior. Mental illness is more common than heart disease and cancer combined.

What is Stigma?

Stigma is one of the main reasons people do not seek treatment. If you have a family member or a friend with a mental illness, or if you have a mental illness, please remember recovery is possible! You can play a big role in fighting the stigma of mental illness by encouraging your friends and family to seek help.

By being a friend
who is understanding,
accepting and compassionate,
you can make a
difference!

How You Can Help

Express your concern. Ask for more details about how your friend or family member is managing.

Don't think you can't do anything
